Indiana Tree Farm

Saturday, October 17, 2009

Starting at 10:00 A.M.

Hosted by Dr. Jones; Jennings County
One mile north of Paris, IN.

Free Lunch - Chili prepared
over a wood fire

Forestry Field Day

Come visit this scenic woods overlooking Bear Creek in southern Jennings County. Professional foresters and a wildlife biologist will discuss forest and wildlife management. A short morning walk will allow visitors to see exceptional quality hardwood trees and hear professionals discuss management practices. The Tree Farm Committee will provide free chili for lunch. A longer afternoon hike will discuss tree identification and look at oak regeneration.

Highlights

- Selling timber in a tough economy
- TSI - How to get more value from your forest
- Invasive Plants - identification and control
- Bad Bugs - Emerald Ash Borer and other forest pests
- Tree ID
- Cost Share \$\$ for forestry and wildlife

Directions:

This field day will be held at Dr. Richard Jones' Classified Forest located approximately 1 mile north of Paris, IN, along County Road 120 W. From the intersection of Highway 3 and Highway 250 in southern Jennings County, go 1/2 mile east to Paris, IN. Turn north on County Road 120 W and go approximately 1 mile to the property on the right. Look for the field day signs.

**Saturday, October 17, 2009
